El barri

Situació

 Imprimir

El barri del Carmel s'esten pels vessants de l'àrea formada pels turons de la Creueta del Coll, del Carmel, de la Peira i de la Rovira, que dominen el pla de Barcelona i separen Horta de Gràcia i Sant Gervasi, i enllaça per la part més baixa amb la Taxonera i amb el nucli antic i l'eixample d'Horta. El nom del barri prové del Santuari del Carmel, construït durant el segle XIX.
